

# WATCH FOR SPECIAL DAY SPECIALS JUNE 15-17

## Bank of Canal Point

Designated Depository For  
State and County Funds

Bank will be closed on Thursday  
Afternoons during the Summer

Member of American Bankers Association  
Protected by William J. Burns International  
Detective Agency

## CANAL POINT

W. T. Reynolds and J. A. Armistead  
of West Palm Beach were callers  
on East Beach Tuesday.

Miss Sally Fulton of Monticello  
is the house guest of her sister, Mrs.  
W. P. Jennings, Jr. Miss Fulton  
has been teaching the past year at  
Haines City.

Mr. and Mrs. F. W. Cross and son  
left Wednesday for Tampa where  
Mrs. Cross will visit relatives.  
Mrs. E. E. Mallard expects to  
leave Saturday for Georgia where  
she will visit her parents and  
family.

Miss W. P. Jennings, Jr. and  
sister, Miss Sally Fulton, spent Tuesday  
on the east coast.

N. V. Maxson with his family  
returned to Plant City this week where  
his children will enter school.  
Several schools in the Plant City  
system open in the summer months so  
that pupils can be released for farming  
activities in the winter.

Mr. and Mrs. L. L. Stuckey and  
children, Elizabeth and Vernett,  
Wednesday for Boston and  
other eastern cities. The family has  
moved north and will visit places of  
interest en route.

F. L. Williamson, president of the  
Florida Flood Control Association,  
with Gus McGehee of Moore Haven  
and W. T. Marshall of New Orleans,  
called at the office of the  
Everglades News Tuesday.

## M. E. CHURCH NOTES

Sunday school, 11 a. m. and 2:30  
p. m.

## LETTERS From Our Readers

Shawano, Fla., May 29th, 1925.

Editor The Everglades News.

Dear Sir: As a regular reader  
of your paper since its establishment,  
I am taking the liberty of calling  
your attention to a news item  
in your edition of May 24th, which  
is liable to create a wrong impression  
with your readers.

"COMPANY NOT PLEASED  
WITH DRAINAGE BILLS"

"\$800,000 Corporation to Have  
Own Way or Else" is the headline  
of the item under discussion, and it  
goes on to tell that the Brown Co.  
is not satisfied with any of the  
Drainage and Flood Control Bills  
offered in this section of the Everglades,  
and threatens that it will pull  
out and abandon its projects if it  
does not get what it wants. The  
article concluded by saying that  
"the constant stumbling block in all  
the negotiations were the arbitrary  
demands of the Brown Company."

Well, that is news.  
The Brown Company will probably  
not deem it worth while to notice  
this piece of news, but I, as an  
old pioneer and settler in the Everglades,  
would like to offer my opinion.

I have been an employee of the  
Brown Company at Shawano for  
over three years, and have never  
known them to make unreasonable  
demands. They desired improved  
provements of a public nature, they  
have always been willing to meet the  
other party half way. That they  
desire a drainage system, as we  
do, certainly cannot be held against them.

The Brown Company has been  
operating in the Everglades for five  
years. They have bought many  
thousands of acres of land, thus  
showing their faith in this region.  
They aim to raise a crop (peanuts)  
on it, which will not compete with  
truck or general farming, yet it will  
make many acres of Glades land  
now idle—productive and furnish  
employment for hundreds of laborers.  
It will help to bring the much  
needed improvements, such as  
railroads, rock roads, telephone lines,  
etc., to this section of the Everglades,  
and also help to keep them once established.  
Their taxes help the Glades  
people, and their drainage system  
which they pay will never benefit  
either the Everglades or the Brown  
company, they are paid without  
profit.

Every year shows that their development  
depends upon adequate drainage.  
They have been flooded, and have  
lost three times their crops, ruined  
since development was begun.  
There is nothing better in  
sight than more floods. I, for  
one, fear that they will have to  
quit. They are too good business-  
men to keep on forever at a losing  
game.

It is hardly worth a sorry day  
of work, and a long trip, if they  
should be forced to abandon their  
project. It would be a distinct loss  
to everybody interested in this  
region, if it is not raised that  
it would retard development and  
probably discourage other enter-  
prises contemplating investment in  
this section of the Everglades.

Notice is hereby given that the following described lands, or so much thereof  
as may be necessary to pay the taxes due for taxes herein set opposite to the  
same, together with cost of such sale and advertisement, will be sold at public  
auction, on the second Monday in July, A. D. 1925, being the 13th day of said  
month, at the Town Hall in the Town of Pahokee, Palm Beach County, Florida,  
beginning at 10 o'clock A. M.

the Glades.

Instead of rejoicing in their  
troubles and hindering the progress  
of people with faith in the Glades,  
as well as the capital to back that  
faith, let us do all we can to alleviate  
those troubles and keep them here,  
prospering, to attract more enter-  
prises like theirs. It will be the  
salvation of the Glades region.

Respectfully yours,  
JOHN NEUHOESE

## SHAWANO

Plantation News, May 30

Doyle Jones left Shawano May  
12th going first to Jacksonville for  
a visit and then to his home at  
Brookhaven, Tenn. Before leaving he  
was presented with a fine fountain  
pen and pencil set by the research  
group as a remembrance. He was  
accompanied as far as Sanford by  
Ed. Bahman.

Mrs. Hunter Cooper was a visitor  
a week ago for a few hours. Mr.  
Cooper accompanied her on a short  
trip.

H. P. Vannah left last Sunday for  
Boston and Baltimore on company  
business. He accompanied Mrs.  
Locke that far on her return to  
Maitre, and Elly Vannah went on  
to her home at Augusta, Maine.

Dr. and Mrs. J. W. Buck were  
visitors of Mr. and Mrs. W. C. Lord  
for dinner last Sunday.

Mrs. Roy Abshagen and the two  
sons, Junior and Elly, have been  
sent back to the plantation, school  
having closed.

A meeting of the beach league  
directors was held last Saturday  
night and further schedules of games  
planned out.

Miss Subia Scullin accompanied  
by her friend Miss Doherty, visited  
Shawano for a few hours  
Monday.

R. T. Douglas, formerly with the  
Southern Sugar Company, is now a  
Shawanoite.

Harold Spangler from Miami is  
now a resident of Shawano.

Sam Cooper of the Hillsboro locks  
visited us this week and made ar-  
rangements for a cooperative ex-  
change of weather data.

Dr. R. V. Allison of the experi-  
mental station near Belle Glade,  
Dr. Barnett, chemist from the state  
station at Gainesville were visitors  
last Saturday.

Maddox and Little, two of our  
popular lads have gone to Virginia  
to spend the summer months.  
Mrs. Himsitt and the two children  
have gone to their farm in  
Georgia for a vacation.

Things look quite favorable at this  
time.

The work of the county and  
Shawano crew on the road improve-  
ment is progressing finely. When  
the work is finally finished the road  
will be in excellent shape and the  
last two miles will be as good  
shape as the rest of the road.

Mrs. Reed and Hiant of An-  
thony's Store, West Palm Beach  
were visitors the latter part of last  
week. They delivered a fine catcher's  
mitt, which was donated by their  
company as one of the prizes for the  
best ball players, an announcement  
of which was carried in the last is-  
sue. Tuesday, Mr. Richard, of Ar-  
mour and Company donated a new  
baseball bat to the ball team.

Week before last Carl Warner of  
the research department spent the  
week end at Winter Park and also  
St. Petersburg. He attended a  
weekend party at Indian Rocks of  
the Kapok Epsilon fraternity.

A cousin of Van Landingham from  
Fort Pierce was a recent visitor.  
As a result of the activities of the  
little fellow with the arrows and  
the hearts two of our well known  
Shawanoites have forsaken the sin-  
gle state of life. Jim O'Hair and  
Miss Irene Burke of West Palm  
Beach were married at 8 p. m. Wed-  
nesday night the 2nd. The wedding  
was at 8 p. m. Mr. Henry White  
and Mrs. Chaffin of West Palm  
Beach were married. We all wish  
the bride and the new wedding  
very best of happiness. Many mem-  
bers of Shawano attended the wed-  
dings in the city. Both of the boys  
had a brief honeymoon trip and re-  
turned to Shawano Monday of this  
week. It is rumored that Capid is  
back soon again at Shawano.

Cards were received a few days  
ago announcing the birth of a son  
to Mr. and Mrs. Roy Babcock on  
May 16th at Sanford. The new  
youngster has been named Ray.

# NEWS FROM AROUND THE BIG LAKE

## SOUTH BAY

By Mrs. G. J. Barstow.

The Girls Clubs of Palm Beach county entered into a Dress Review Contest under the auspices of the Women's Club of West Palm Beach recently. The local 4-H girls were exceedingly lucky in securing prizes. Miss Lillian Wilbur received the prize offered by V. C. DeMott for the best homemade dress and Julia Crocker received the prize offered by Hattie's for the most successfully dyed dress. Both young ladies received sufficient material for a new dress as a reward for their cleverness. The club girls are making great progress in their work under the leadership of Miss Phyllis Sherman who is president and of great assistance to Miss Morgan. They have made some very clever little dresses and have shown much skill in other kinds of needlework. Just at present they are taking up the project of Swedish weaving and are also making pocketbooks. Their next meeting will be on Thursday, June 4, at 2 p. m. at the school house. All girls interested are urged to be present and get in on these good things.

Mr. Gutter, formerly a resident of South Bay, is spending a few days staying in the P. E. Goodhead home.

Miss Mary Elizabeth Crocker has been spending the larger part of the week visiting her grandmother, Mrs. L. L. Hartline.

Joe Lockmiller has started to since his handsome new residence and other buildings. When completed they will very much improve the place.

that residence section. Mrs. R. L. Hudson has been quite ill for the past 10 days. Her daughter, Miss Laura Hudson, who has been holding a fine position in Miami for the past winter was called upon to serve as nurse and housekeeper until her mother is able to be around once more. This is the first time Miss Laura has visited her old home in South Bay since she had been in Cleveland while taking a position in Miami last fall.

The board of trustees met at the town hall in Belle Glade last Saturday at 2 p. m. together with the book committee at South Bay, Belle Glade, Pahokee and Canal Point to decide some matters regarding the new circulating library which has been presented jointly to these four towns. Mayor Greer presided at the meeting and Mrs. Brown presided at the meeting. The board of Belle Glade who has had some experience in library work and had been appointed to secure supplies reported all supplies at hand for cataloguing the books and getting them divided for distribution. The various towns, a start was made by getting the books out and classified ready for those who will begin the work of getting them catalogued on Monday. They are now on hand, however, some 700 new books, most of which are in the nature of fiction for children, though there are a number of books covered under the departments of science, geography, history, art, psychology, classical literature and professional works. The books are to be divided into four equal libraries and are then to circulate between the four towns mentioned, perhaps changing places semi-annually. Mrs. L. L. Hartline, our local postmistress, will have charge of the library in South Bay for the present.

The motion picture program which has been given in the Hawkins building last Friday evening had to be postponed because of the delay in securing the films. The films are now on hand, however, and the program will be put on Friday, June 7, in the Hawkins building as advertised. An admission of 25 cents will be charged for the purpose of defraying expenses. It is hoped that there will be a large number who can avail themselves of this program which promises to be very good. The building which has been used as a community hall by the people of

Belle Glade since the hurricane, a gift of the Victory Association of West Palm Beach was returned to the Victory Association by the Women's Club last week so it is under stood.

The Belle Glade hall team, consisting of former members of both the Belle Glade and South Bay teams, motored to Clewiston Sunday for the experience. The team was very much matched as was shown by the close score of 3 to 1 in the first game. The Clewiston team has had a very fine diamond on the school grounds, the whole diamond being covered with a closely clipped heavy turf which makes playing on it a joy alike to players and fans. The day was delightful and the crowd of fans was large and enthusiastic.

The members of the Baptist congregation motored to Pahokee Sunday to take part in the all-day program arranged at that place for the first time. The Clewiston team has had a very fine diamond on the school grounds, the whole diamond being covered with a closely clipped heavy turf which makes playing on it a joy alike to players and fans. The day was delightful and the crowd of fans was large and enthusiastic.

The United Sunday school has been practicing for a Children's Day program to be given next Sunday, June 9, at 2 p. m. at the school house. Mrs. J. M. Thompson, who has charge of the program for special days in the Sunday school is reported to be very successful in securing such help as she needs. The children are looking forward to it with much pleasure.

Mr. and Mrs. Pace, formerly residents of South Bay and now located near Orlando have been spending the last few weeks visiting Mrs. Pace's sister, Mrs. L. E. Hardy. Their many friends were very glad to see them and only wish they were mentioned among us once more. They expect to leave for home sometime this week.

Mr. and Mrs. Less McLenahan, formerly bridge tender in South Bay, of Blakely, Ga., announce the birth of Harold Leslie McLenahan on May 10. The many friends of Mr. and Mrs. McLenahan extend their congratulations and wish these good people a long and successful life.

South Bay people attending the ball game in Clewiston Sunday were very much delighted to meet Mr. and Mrs. L. E. Lowe and family. They were the first to arrive and a little visit with them. Mr. and Mrs. Lowe have been living in Clewiston since the storm in September and Mr. Lowe has farmed in that vicinity this past winter. They report that while they like Clewiston and have enjoyed their winter there that they intend to return to South Bay eventually which will be good news to their many friends.

The F. E. C. railroad has been carrying their telegraph poles here and there. The poles are being laid between Belle Glade and Miami Lakes, passing through South Bay this past week. Switch sidings have been placed and the site for the South Bay station has already been marked ready for building operations.

Rev. J. E. Huch spent the greater part of last week visiting his family in Miami. South Bay will close in Miami this coming week and Rev. Huch hopes to have his family with him shortly.

The members of the Every Men's Club, which consists of the following: J. E. Conner, S. J. Fisher, Ben Fisher and H. Hawk, have been active this week and already have almost half of the year's budget plotted for the coming year.

**VIEWERS APPOINTED**  
Viewers have been appointed for the proposed road from Terry Island to Kraemer providing residents of the islands access to the mainland at Clewiston. The proposed road will be 100 feet wide and will be owned by the U. S. Dept. of the Interior. The road will be posted according to law for 30 days and then be taken up by the board of county commissioners.

The first canal in the Everglades was constructed more than thirty-five years ago by Henry Dutton. It is the canal which traverses the west shore of Lake Okechobee.

## BELLE GLADE

(By Miss Alice Reed)

Belle Glade has been undergoing a cleanup week, and books much better for the experience. After a vacationed delay most of the supplies required for the cleanup of the books for circulating library for children have arrived. The 700 books used by the Greater Palm Beach Athletic Association have been at the town hall for several weeks, and last Saturday afternoon the board of trustees and committees from the different communities, Canal Point, Pahokee, South Bay and Belle Glade, met here and arranged for the beginning of the work. These books, many of them classics, are a splendid collection and we understand that from them friends expect to ask to them from time to time.

Another collection of books for adults, including a set of Encyclopaedia Britannica and historical novels and magazines, donated by Dr. Peter Brown of West Palm Beach, were brought out last week through the kindness of Mr. Lord. We certainly appreciate Dr. Brown's gift. Mr. H. Scamper, inspector, reported the building permits for the first six months of the year total \$54,728.

A. F. Morris is putting up a filling station at what is known as the Robinson farm east of town.

A Baptist organization has been formed here resulting from the revival services conducted by the Rev. Evers of Plant City. It is hoped it is later erect a church building.

## CLEWISTON

June 5, 1929

Under the new arrangement of the Everglades Baseball League schedule, by which the Clewiston club plays two games on Sundays to replace Thursday dates when the locals are unable to play, Belle Glade inaugurated the changed routine Sunday on the Clewiston diamond by losing two games to the Cape City 2-1 and 7-0.

Pete Wilson, pitcher for the home club, who apparently "goes on berserk," pitched both of the games, and permitted his 10 hits during the afternoon, struck out 10 and did not give up a home run. Symonds pitched a fine game for Belle Glade in the opener, and his hitting in the two games was a feature, as he pulled four out of five, including two doubles. Sims, who started two double plays at third and Charles, who accepted seven runs in the first game, also started at bat and on the bases for the Clewiston club. The team played at Clewiston Sunday, June 2, 3.

In the duplicate bridge being conducted every Wednesday night at the Waterbury by Leonard Ames and during his recent absence in New York city, by W. C. Owen, C. E. Jackson and Mrs. Jackson held high scores for south and south and Dr. Anderson and C. S. Hayes for east and west at the close of play on the night of the 26th. Although closely crowded, C. E. Jackson has maintained a slight lead for the past month, ever since defeating Mrs. Charles Doane, who raised Mrs. J. L. Simpson to take third position last Wednesday. (The scores as given are for the first round only.)

Although the detour by the Sugarland pump plant at the northwest corner of town is still necessary for traffic from this place to the west it will be but a few days before the bridge over the Hurlins construction company will have the new bridge over main canal No. 3 completed and the road again open to traffic. Clearing of right-of-way west of the Moore Haven road on road 25 is practically completed to Hopetown and leveling of the small bank of the Sugarland drainage canal which parallels the road, will probably commence next week. The R. E. B. Street Company contractors for the middle one of the three projects between here and LaFelle, are progressing rapidly with dragline and scraper. Their work necessitates almost a continuous detour from Lake Hopetown to Goodwin.

Little progress has been made with repair work on the Caloanahatchee bridge at LaFelle, and all traffic between Clewiston and Port Myers is compelled to cross the river at Ft. Dennard, five miles west of LaFelle.

Sixty-five thousand dollars was the appraisal made on the plant and property of the late J. E. Huch.

## BELLE GLADE

(By Miss Alice Reed)

At present they plan building Sunday school and services in the United building. From Jacksonville to New York city will go on the steamship Empress.

Mrs. G. V. Elliott, formerly of South Bay, was out from West Palm Beach Tuesday, looking after the farm here. With Mr. Elliott she will leave next week for their ranch at Malta, Malta. She was accompanied from town by Mrs. McLenahan, who is visiting South Bay resident whom we all know, who is leaving on Friday for South Carolina.

The hall team played Clewiston last Sunday in a very close game as indicated by the score, 1-1. W. H. Young and family and R. Houston and family of Miami were guests of Mr. and Mrs. G. E. Todd, Sunday.

property of the Clewiston school recently in compliance with regulations of the State Department of Education. The eight-story brick building is undoubtedly the finest structure of its kind in the Everglades, and the grounds have one of the best lawns in South Florida, mostly of St. Lucie grass.

A fireproof structure is being erected by the Clewiston school on the site of the Esplanade and Convent garages by Charles Dares. The building is to house the Dares Dry Cleaning plant, newly equipped with modern machinery. Property was acquired recently from the Bank of Clewiston.

Plasterers are ready to start their work on the new lobby tile building under construction on the south side of Sugarland Highway in the five-center area by J. K. Baker and his family. The building will occupy the highway frontage of the building, and the remainder has been leased to a bakery company from Arlington.

A trailhead of crushed rock for the surfacing of state road 25 east of Clewiston was on the team track at the station Monday.

E. L. Williamson, owner of the Clewiston Building Material Company, and Mrs. Williamson returned Saturday from an extended trip. Mr. Williamson has been most active in the construction of the south side of the south lake territory in the flood control and drainage problems under consideration by the state legislature and congress, and has spent a great deal of time in Washington and at Tallahassee in the furtherance of these interests.

C. A. Jackson, board member, and W. C. Owen, trustee, spent Wednesday at the meeting of the Hendry county board, the county seat, attending the meeting of the Hendry county board. It is understood that a substantial budget will be made and appropriations for bond issues for the schools for next year will be considered. Mrs. Thomas Sims, board member, and Mrs. Beardsley, of the faculty this year, may return in the fall.

A car of papers headed Saturday, June 1st, by the Clewiston Packing Company was the last sold car of vegetables for the 1929 season to leave Clewiston. Several express cars of tomatoes, okra, and peppers are going out this week. Records of the office indicate that this is the earliest closing of the season since the Coast Line first entered this town in 1922.

A. V. Callahan, of Ritta, the oldest permanent resident of the Everglades, who founded on his present holdings in 1909, and is now 87 years old, has for his summer garden as an example to younger and older farmers. His corn, peas, pumpkins, and sweet potatoes look the best of any crop seen up the south shore this spring. This week he started erection of a small house to live in with his son, LeRoy, at Hole Sound, on the east coast.
